

TABLE OF CONTENTS

1. BASIC CONCEPTS OF LOGIC

| | | |
|-----|--|----|
| 1. | What is Logic? | 2 |
| 2. | Inferences and Arguments | 2 |
| 3. | Deductive Logic versus Inductive Logic | 5 |
| 4. | Statements versus Propositions | 6 |
| 5. | Form versus Content | 7 |
| 6. | Preliminary Definitions..... | 9 |
| 7. | Form and Content in Syllogistic Logic | 11 |
| 8. | Demonstrating Invalidity Using the Method of Counterexamples | 13 |
| 9. | Examples of Valid Arguments in Syllogistic Logic | 19 |
| 10. | Exercises for Chapter 1 | 22 |
| 11. | Answers to Exercises for Chapter 1 | 25 |

2. TRUTH-FUNCTIONAL CONNECTIVES

| | | |
|-----|--|----|
| 1. | Introduction | 28 |
| 2. | Statement Connectives | 28 |
| 3. | Truth-Functional Statement Connectives..... | 31 |
| 4. | Conjunction | 33 |
| 5. | Disjunction | 35 |
| 6. | A Statement Connective that is not Truth-Functional..... | 37 |
| 7. | Negation | 38 |
| 8. | The Conditional..... | 39 |
| 9. | The Non-Truth-Functional Version of If-Then..... | 40 |
| 10. | The Truth-Functional Version of If-Then | 41 |
| 11. | The Biconditional..... | 43 |
| 12. | Complex Formulas | 44 |
| 13. | Truth Tables for Complex Formulas..... | 46 |
| 14. | Exercises for Chapter 2 | 54 |
| 15. | Answers to Exercises for Chapter 2 | 57 |

3. VALIDITY IN SENTENTIAL LOGIC

| | | |
|----|---|----|
| 1. | Tautologies, Contradictions, and Contingent Formulas..... | 62 |
| 2. | Implication And Equivalence..... | 64 |
| 3. | Validity in Sentential Logic | 66 |
| 4. | Testing Arguments in Sentential Logic..... | 67 |
| 5. | The Relation Between Validity and Implication..... | 71 |
| 6. | Exercises for Chapter 3 | 74 |
| 7. | Answers to Exercises for Chapter 3 | 76 |

4. TRANSLATIONS IN SENTENTIAL LOGIC

| | | |
|-----|--|-----|
| 1. | Introduction | 92 |
| 2. | The Grammar of Sentential Logic; A Review | 93 |
| 3. | Conjunctions | 94 |
| 4. | Disguised Conjunctions | 95 |
| 5. | The Relational Use of ‘And’ | 96 |
| 6. | Connective-Uses of ‘And’ Different from Ampersand..... | 98 |
| 7. | Negations, Standard and Idiomatic | 100 |
| 8. | Negations of Conjunctions..... | 101 |
| 9. | Disjunctions | 103 |
| 10. | ‘Neither...Nor’ | 104 |
| 11. | Conditionals | 106 |
| 12. | ‘Even If’ | 107 |
| 13. | ‘Only If’ | 108 |
| 14. | A Problem with the Truth-Functional If-Then..... | 110 |
| 15. | ‘If And Only If’ | 112 |
| 16. | ‘Unless’ | 113 |
| 17. | The Strong Sense of ‘Unless’ | 114 |
| 18. | Necessary Conditions..... | 116 |
| 19. | Sufficient Conditions | 117 |
| 20. | Negations of Necessity and Sufficiency | 118 |
| 21. | Yet Another Problem with the Truth-Functional If-Then..... | 120 |
| 22. | Combinations of Necessity and Sufficiency | 121 |
| 23. | ‘Otherwise’ | 123 |
| 24. | Paraphrasing Complex Statements..... | 125 |
| 25. | Guidelines for Translating Complex Statements | 133 |
| 26. | Exercises for Chapter 4 | 134 |
| 27. | Answers to Exercises for Chapter 4..... | 138 |

5. DERIVATIONS IN SENTENTIAL LOGIC

| | | |
|-----|--|-----|
| 1. | Introduction | 142 |
| 2. | The Basic Idea..... | 143 |
| 3. | Argument Forms and Substitution Instances | 145 |
| 4. | Simple Inference Rules | 147 |
| 5. | Simple Derivations..... | 151 |
| 6. | The Official Inference Rules..... | 154 |
| 7. | Inference Rules (Initial Set) | 155 |
| 8. | Inference Rules; Official Formulation | 156 |
| 9. | Show-Lines and Show-Rules; Direct Derivation..... | 158 |
| 10. | Examples of Direct Derivations..... | 161 |
| 11. | Conditional Derivation..... | 164 |
| 12. | Indirect Derivation (First Form)..... | 169 |
| 13. | Indirect Derivation (Second Form) | 174 |
| 14. | Showing Disjunctions Using Indirect Derivation | 177 |
| 15. | Further Rules..... | 180 |
| 16. | Showing Conjunctions and Biconditionals | 181 |
| 17. | The Wedge-Out Strategy | 184 |
| 18. | The Arrow-Out Strategy | 187 |

| | | |
|-----|--|-----|
| 19. | Summary of the System Rules for System SL | 189 |
| 20. | Pictorial Summary of the Rules of System SL..... | 191 |
| 21. | Pictorial Summary of Strategies..... | 195 |
| 22. | Exercises for Chapter 5 | 198 |
| 23. | Answers to Exercises for Chapter 5 | 203 |

6. TRANSLATIONS IN MONADIC PREDICATE LOGIC

| | | |
|-----|---|-----|
| 1. | Introduction | 222 |
| 2. | The Subject-Predicate Form of Atomic Statements..... | 223 |
| 3. | Predicates | 224 |
| 4. | Singular Terms..... | 226 |
| 5. | Atomic Formulas..... | 228 |
| 6. | Variables And Pronouns | 230 |
| 7. | Compound Formulas..... | 232 |
| 8. | Quantifiers..... | 232 |
| 9. | Combining Quantifiers With Negation | 236 |
| 10. | Symbolizing The Statement Forms Of Syllogistic Logic | 243 |
| 11. | Summary of the Basic Quantifier Translation Patterns so far Examined | 248 |
| 12. | Further Translations Involving Single Quantifiers | 251 |
| 13. | Conjunctive Combinations of Predicates..... | 255 |
| 14. | Summary of Basic Translation Patterns from Sections 12 and 13..... | 262 |
| 15. | ‘Only’ | 263 |
| 16. | Ambiguities Involving ‘Only’ | 267 |
| 17. | ‘The Only’ | 269 |
| 18. | Disjunctive Combinations of Predicates..... | 272 |
| 19. | Multiple Quantification in Monadic Predicate Logic | 277 |
| 20. | ‘Any’ and other Wide Scope Quantifiers..... | 282 |
| 21. | Exercises for Chapter 6 | 289 |
| 22. | Answers to Exercises for Chapter 6 | 295 |

7. TRANSLATIONS IN POLYADIC PREDICATE LOGIC

| | | |
|-----|---|-----|
| 1. | Introduction | 300 |
| 2. | Simple Polyadic Quantification | 301 |
| 3. | Negations of Simple Polyadic Quantifiers..... | 306 |
| 4. | The Universe of Discourse..... | 310 |
| 5. | Quantifier Specification | 311 |
| 6. | Complex Predicates..... | 316 |
| 7. | Three-Place Predicates | 320 |
| 8. | ‘Any’ Revisited | 322 |
| 9. | Combinations of ‘No’ and ‘Any’ | 325 |
| 10. | More Wide-Scope Quantifiers | 328 |
| 11. | Exercises for Chapter 7 | 332 |
| 12. | Answers to Exercises for Chapter 7 | 338 |

8. DERIVATIONS IN PREDICATE LOGIC

| | | |
|----|------------------------------------|-----|
| 1. | Introduction | 344 |
| 2. | The Rules of Sentential Logic..... | 344 |

| | | |
|-----|---|-----|
| 3. | The Rules of Predicate Logic: An Overview | 347 |
| 4. | Universal Out | 349 |
| 5. | Potential Errors in Applying Universal-Out | 351 |
| 6. | Examples of Derivations using Universal-Out | 353 |
| 7. | Existential In | 355 |
| 8. | Universal Derivation | 359 |
| 9. | Existential Out..... | 367 |
| 10. | How Existential-Out Differs from the other Rules | 374 |
| 11. | Negation Quantifier Elimination Rules..... | 376 |
| 12. | Direct versus Indirect Derivation of Existentials | 382 |
| 13. | Appendix 1: The Syntax of Predicate Logic | 390 |
| 14. | Appendix 2: Summary of Rules for System PL (Predicate Logic)..... | 399 |
| 15. | Exercises for Chapter 8 | 401 |
| 16. | Answers to Exercises for Chapter 8 | 405 |

PICTORIAL SUMMARY OF RULES OF DERIVATION

| | | |
|----|---------------------------------|-----|
| 1. | Rules for Sentential Logic..... | 417 |
| 2. | Rules for Predicate Logic..... | 418 |
